Legends of the Zambezi Valley

From Kanyemba — where Zimbabwe, Zambia and Mozambique meet — to the thunder of Victoria Falls, Mbire Legends designs journeys that put wildlife, heritage and community first. Walk among dinosaur footprints, trace the story of Nyatsimba Mutota and the Munhumutapa, and watch four of the Big Five in the Dande.

Kanyemba: our main attraction

Kanyemba sits at the far edge of the Mbire district on the Zambezi. Here the fossil forest and salt pans reveal deep time, village and fish-market tours open everyday life across the borders, and evenings end with a sundowner at the Zambezi–Luangwa confluence.
